## HE-301 Remote Control Key Fob

The HE-301 remote control is an expansion unit for the Home Easy range of products and is designed to work with all the HE products. Additional Home Easy receiver products are required for the HE-301 to work.

### Pairing/Deleting with Remote Control:

Up to Six remote control units can be paired with each receiver socket or module. To program a socket insert the unit into a plug socket and switch on the power, now press the "Learn" button. The LED will start to flash, now press the "On" button on the Key Fob, the LED will stop flashing. The units are now paired together, you can test this by pressing the "On/Off" button.

Always refer to the original instructions when using with additional products

### Deleting Remote Control:

To delete a remote control that has been paired with a remote control receiver socket or module, simply press "Learn" button. The LED will start to blink; press the "Off" button on the remote control, the LED will blink twice to confirm that the remote control has been deleted from the receiver sockets memory.

V1.0

### Changing Battery:

The HE-301 uses a single CR2032 battery: Remove the battery holder from the bottom of the remote control, using a small screw driver. Remove the battery from the holder and replace with a new battery, making sure the polarity matches the internal markings.

### Product Specification:

Remote Control:  
Battery: 3v Cr2032  
Range: 30 Metres (Open Distance)  
Frequency: 433.92MHz  
Indoor Use Only

**Warning:** Never Exceed the Product Specification

### Product Compatibility:

The HE-301 Remote Control Key Fob is compatible with all HomeEasy Receiver sockets and modules.
